

Westin

The Cooker Hood Specialists

Westin is a British name synonymous with high quality, desirable cooker hoods. We've been designing, manufacturing and caring for our customers from our Huddersfield base in Yorkshire since 1921.

Westin *Product*

The Westin *Product* range of cooker hoods offers a wide variety of model type, many with a choice of options and specification.

Our customer service team is available to guide you through the whole process from choosing the most appropriate hood for your kitchen through to ordering and delivery. No job is too small nor too big to advise upon.

The Westin service does not stop after delivery as a comprehensive after sales service is provided.

Westin *Plus*

Westin *Plus* is a design and performance service which enables you to adapt Westin *Product* hoods to your own specification.

For example, the hood can be made to any size, or the internal dimensions can be changed. The hood can be painted, lights can be removed or a different colour of light used. The duct position can be changed and motors can be upgraded.

Westin *Bespoke*

The Westin *Bespoke* consultation service gives you the opportunity to design a cooker hood to your exact requirements.

If you require an unusual design of hood or need optimum performance for your cooker type and cooking style, or a combination of design and performance, then Westin *Bespoke* is for you.

If required, a technical site visit can be arranged to give individual advice on the ideal solution for your kitchen.

Westin are Manufacturing

WE Care...

Our Customer Service Team treat you as an individual and care that the product you want is the one that you need. Our team is available to advise and support you both before and after you order and our goal is to always ensure fresh air in every kitchen.

WE Collaborate...

Our Product Designers work closely with Customer Service and Manufacturing to create quality cooker hoods, with optimum performance, specifically for British kitchens. Creativity and experience combine to produce stunning hoods that are designed to perform.

WE Hand-build.

Our Manufacturing Team take pride in each hood made. Every product is precision built with attention to detail. Our factory has state of the art machinery but the difference is what we do by hand using traditional methods including welding, folding, polishing, painting and packing.
